

**FSE Lifestyle awarded “Sing Tao Service Awards – Innovative Services Conglomerate” by Sing Tao Daily for four consecutive years
Recognition of our high-quality service**

20 March 2026, Hong Kong – **FSE Lifestyle Services Limited** (“FSE Lifestyle” or the “Company”, together with its subsidiaries, the “Group”, stock code: 331.HK) was awarded the “Sing Tao Service Awards 2025 – Innovative Services Conglomerate” organized by Sing Tao Daily for four consecutive years. This award embodies our commitment to innovation, customer focus and high-quality service. The award presentation ceremony was held on 20 March 2026 at the Hong Kong Convention and Exhibition Centre in Wanchai.

Mr. Patrick Lam, Executive Vice-Chairman and Chief Executive Officer of FSE Lifestyle, said, “As we enter an era of technological innovation, we are integrating innovative technologies into our daily operations and service workflows proactively to enhance efficiency and service standards. At the same time, we remain committed to a people-centric approach and work closely with our business units to streamline procedures and reduce time costs through digitalisation, striving to provide customers with a more attentive and premium lifestyle services experience.”

To support the continued growth of FSE Lifestyle and meet evolving market needs, the Group works closely with its business units to build a distinctive FSE Lifestyle ecosystem—delivering comprehensive, reliable, one-stop services to customers, while creating more interactive cross-selling opportunities, strengthening our differentiated competitive advantage, and accelerating our digital transformation.

In early March 2026, FSE Lifestyle signed a Memorandum of Understanding with the Hong Kong Applied Science and Technology Research Institute (ASTRI) to explore potential collaboration opportunities. The partnership aims to harness technology-led innovation to streamline document-processing workflows, enhance the accuracy of tendering and contract management, and enable automated compliance checks on design drawings—thereby enhancing the overall operational efficiency of the Group’s facility management, E&M engineering, and city essential services businesses.

Mr. Patrick Lam added, “Receiving this recognition for four consecutive years not only reaffirms FSE Lifestyle’s leading position in the industry, but also underscores the professionalism of our teams, motivating us to continue striving for excellence. Looking ahead, we will further accelerate our digital transformation and service innovation, remain agile amid market changes, enhance service quality and operational efficiency, and create long-term value for our customers, community and stakeholders.”

As a vital pillar of Hong Kong’s economic development, the service industry is celebrated at the “Sing Tao Service Awards Presentation Ceremony”, organized by Sing Tao to recognize the outstanding performance across various service sectors. This event not only honors companies but also provides the general public with deeper insights into the success stories of award-winning companies. The Awards are distributed across four categories, including Banking and Financial Services, Insurance Services, Community and Livelihood Services and Leisure and Lifestyle Services, along with a special award for Caring Services. This year, a total of 41 service awards were presented.
